

MonierTM

ROOFING

RoofcoatTM

Specially formulated for exterior roofing applications, Monier's RoofcoatTM is 100% acrylic polymer high-gloss colour coating that protects your roof from the harsh Australian conditions.

Available in Monier's complete concrete roof tile colour palette

Water based for easy clean-up

Primers available for concrete roof tiles and metal

Monier offers a 10 year product warranty against the product/s peeling, flaking or lifting as long as the product is used and applied according to our recommended procedures as outlined in "Recommended Coating Application Procedures for Various Roof Tiles and Metal Surfaces," available on request. Our obligation under this warranty shall be limited to supplying coating or coating materials for the period of the warranty. The extent of our obligation will decrease pro-rata during the warranty period.

Important Notes

Due to the harsh Australian weather conditions, we can not warrant any product against fading nor can we warrant any application procedure as this is total beyond our control.

We do not warrant pre-painted roofs that have been coated with solvent.

For application information, visit monier.com.au
